

The Milton H. Erickson
INSTITUTE OF SOUTH AFRICA

PRESENTS

THE CHANGING FACES OF PSYCHOTHERAPY: A CONGRESS

INCLUDING

THE THIRD WORLD CONGRESS ON EGO STATE THERAPY

WELCOME MESSAGE

Dear Colleagues and Visitors

On behalf of the Board of Directors of the Milton H. Erickson Institute of South Africa (MEISA) and as organiser of this event, I wish to take the opportunity to invite you to our congress in South Africa.

Over the past years many of you have indicated that we should endeavour to continue promoting Ericksonian and Ego State Therapy approaches worldwide, but more specifically in Africa. After careful consideration, my German friend, Bernhard Trenkle (Dipl.Psych) and I have decided to organise the Third World Congress on Ego State Therapy in South Africa, concurrent with our Ericksonian Congress – The Changing Faces of Psychotherapy.

The programme will commence with a multitude of specialist workshops in hypnosis and psychotherapy. The workshop programme will be in English, however, it is also planned to include workshops in German. The workshops will cover a wide variety of topics in the fields of psychotherapy and psychology. We are planning an exciting programme at two different venues in South Africa to give you the opportunity to attend the congresses and simultaneously also experience the beauty of our wonderful country and its diversity. Our country has a proud tradition of resolving problems through open and honest dialogue and negotiation and we trust that this environment will extend to fruitful interaction and discussions during the congress.

The setting is truly beautiful, and the cultural and recreational opportunities offered during the congresses are matched by the warm hospitality with which we welcome visitors who grace our shores.

Please help us to make this a truly international hypnosis and psychotherapy forum by joining us in South Africa for some stimulating days.

I sincerely hope you will be able to attend our congress, that your visit will be an enriching experience both academically and culturally, and that above all you will have FUN!

We look forward to welcoming you to South Africa.

Yours sincerely
